

Eastwick Schools Testimonial

"I have had fewer opportunities to interact with Bethan than with my previous Finance Partners and yet I have felt more in control, with clarified information readily available, during our time working together on my school's budget. I find this a reflection of best practice and from my perspective, precisely what Principals/Head Teachers need from colleagues. I haven't ever had to explain my business or lateness providing response or information or work around Bethan in any way. She is incredibly diligent, skilled and aware."
